## Safety Critical Items

Please be advised that under amendment 36012, the following item have been amended in MotorSport Manual:

36012:

Item 1 - [Schedule A Part 1 Article 7.1](#) - Safety Critical Items - To specify the correct mounting of the Rally Safe units and additional Driver escape equipment.  
You can view this amendment by clicking on the link above.

Special attention to Harness cutters

Shall be installed for each seating position within easy reach of the occupants in their normal seated position.

Furthermore, Racetech have a great offer where you can buy two for \$25.

To make sure you're fully prepared, [pre-order yours now.](#)

Please note the above is relevant to Competition vehicles (ie, not Tour) though we do recommend that you have a harness cutter regardless as these will work on your standard diagonal seat belts.

# NZ Classic Car

It's that time of year where we start to prepare the Official Event Programme. Once again NZ Classic Car are putting together a fabulous flip sided program for the November edition which will feature the event itinerary, competitor list, maps and the route and speed schedule.

This is a great opportunity to promote your car/business/sponsor with one of the special priced advertisements options, there is a size to fit all budgets. Given the long standing relationship they have worked out a variety of options so expect Dean Payn from NZ Classic Car magazine to contact you shortly.

We rely on strategic partnerships and sponsors to ensure we deliver a world class event and ask that you support them wherever possible.

We look forward to seeing you in October.
