

Thank you from Race4Life

This year Race4Life was out on the road following the Targa Hawkes Bay and Targa NZ events and thanks to the generosity of all of YOU they managed to raise a whopping \$50,000 during 2019.

This has certainly helped them towards the nearly 400 wishes they've granted patients in palliative care throughout the country.

Ultimate Rally Group looks forward to working with Race4Life again in 2020.

Targa NZ moves to AASA from 2020

After the introduction of the Australasian Auto Sport Alliance (AASA) to New Zealand in 2018, we carefully read through their Standard Operating Procedure and observed their processes in action at other events before obtaining the Targa Tour Permit from them for 2019.

Having established a strong working relationship with them during 2019 and learning how supportive and progressive their thinking is, we are delighted to announce that we will retain them as the permit issuing authority for the Targa Tour and also obtain a Competition Permit from the AASA for the Targa Competition for 2020.

What does this mean to you?

As far as the event style and management processes are concerned, there are no changes. There will be a number of terms and conditional changes (which will include the licence requirements for competitors), but most changes relate to the operational terminology and procedures.

Car Club membership is no longer required, as there is no requirement under the AASA to be a financial member of a car club to obtain the relevant AASA licence.

Club Targa Inc will still continue, however this will no longer be affiliated to MSNZ.

The AASA licencing procedure is online and past experience (such as proof of a current motorsport licence issued by any other authority) is recognised when processing applications.

A public announcement will be made early next week, however as valued supporters we felt it was important that you heard it from us directly beforehand.
