

TARGA
BAMBINA
2023

18th – 19th March

SERVICE BOOK

Service Crew Information

Welcome to all Service Crews of Targa Bambina 2023. Targa NZ wishes you a safe and enjoyable event.

Detailed in this **Service Book** is important information regarding Targa NZ that we ask all Crews to be familiar with.

Please remember that at all times while on the event you represent not only your competing vehicle but also Targa NZ, and for this reason we ask that you please abide by all Targa rules and regulations and especially the traffic laws of New Zealand.

Your co-operation will enable Targa NZ to maintain our reputation and ensures that we continue to receive public support for the event.

Service Book Instructions:

- These instructions have been taken from “Google Maps” and therefore may not be exact.
- Only “obvious” intersections, or road signage are shown in the Service Book. i.e. not all intersections are shown in the Service Book.
- Maps of Service Stops are included in the Service Book.

Service Vehicle Identification:

- All Service Vehicles are required to display the “Service Vehicle” decal at all times during Targa Bambina 2023.
- This decal shall be affixed to the outside of the front windscreen on the passenger side of each service vehicle.
- This decal is required to access Service Parks.

Servicing

Servicing **must only** occur at the designated Service Stops as described in the maps, written notes, and tulips in your Road Book.

Servicing outside these designated service areas is prohibited and competitors will be penalised as per the Supplementary Regulations.

Officials will be patrolling the event to enforce this.

Competitors obtaining fuel supplies in service stations are not deemed as “servicing outside the service area”.

When entering a Service Stop, please ensure the entrance is kept clear as at times there may only be one entry & exit point.

Where a Service Stop is on a public roadside, please ensure you remain courteous to the surrounding businesses and driveways.

Please ensure drop sheets are used when servicing.

The service time as noted in the instructions is a guide only and will vary for each competitor. A slower competitor may have less time for servicing, than a faster competitor. The amount of servicing will also be affected by any hold ups in the touring stages. It is ultimately the responsibility of the competitor to calculate the service time available and touring time to the next Special Stage.

As Lunch & Service Stops are re-groups, these may be shortened where necessary or if the event starts to run late. You will be given a Due Report Time on arrival at the lunch regroup Time Control.

Fuel

Fuel is available along the Targa route; however, it is the competitor's responsibility to obtain their fuel supplies.

No Service Stations have been requested to stay open for Targa NZ; an indication of a Service Station in the Road Book does not necessarily mean that that station will be open.

There are currently three suppliers of 98 Octane in New Zealand, BP, Mobil and Gull:

- To locate a BP Service Station go to www.bpfinder.co.nz
- To locate a Mobil Service Station go to www.mobilfuelfinder.co.nz
- To locate a Gull Service Station go to www.gull.co.nz

Please be aware of the fuel handling policy as set out by AASA.

Please note that it is the Competitors responsibility to ensure that they have sufficient fuel to undertake the event. Therefore, if you require fuel outside the scheduled refuel stops at the lunch service and end of day service then you will need to coordinate with your crew or schedule a fuel stop at a Service Station on route which is permitted within the rules of the event.

Traffic Laws

Throughout the entire rally (with the exception of special stages), the crews must strictly observe the traffic laws of New Zealand.

In particular;

- (a) Competitors and their service crews must always drive and conduct themselves in a manner which does not discredit the event or arouse adverse public opinion.
- (b) All traffic regulations and particularly speed limits must be complied with on all road sections.

Competitors and service crews shall be held entirely responsible for any accident or breach of the laws in which they may be involved and shall declare to the Clerk of the Course particulars of any accident involving damage to property or injury from which liability may arise and shall indemnify the organisers in regard to any liability.
